

PLEASE CONSIDER JOINING US FOR

Slovakia Mission 2022

First Lutheran Church has a long-standing relationship with the Center for Christian Education in Martin, Slovakia. During the years of Communist rule in this region, many Christians risked their lives to keep their faith alive.

As a catalyst for rebirth of Christianity in Martin and the surrounding region, the Center for Christian Education (CCE) in Martin, Slovakia was founded in 1998. CCE trains Christian workers for the 21st century and has gone from 13 students to approximately 700 students. In 2018, they celebrated their first graduating class.

In addition to providing quality education, students are given the tools to grow in their faith. They are motivated to pass along this commitment to parents and other family members whose Christian commitment waned during the 40+ year Communist regime. This school is the catalyst for the rebirth of Christianity not only in Martin but throughout the region. And we are a part of that.

Won't you join us!?
